

# THE ASCOM WAY QUALITY POLICY

Ascom Wireless Solutions is committed to provide solutions, products and services that consistently fulfill the needs and requirements of our users and customers as well as all applicable safety and regulatory requirements.

We shall realize this ambition by working according to the five principles of the Ascom Way:

1. Right from the source
2. Value driven
3. Continuous improvement
4. Teamwork
5. Visualization

The Ascom Way shall be established in the Divisional Management System (DMS), whose effectiveness shall be maintained at all times.

Every employee shall understand the Quality Policy and the Ascom Way, and apply it within her/his area of responsibility.
